

medisun[®] Psori comb

EFFICIENT PHOTOTHERAPY OF THE SCALP
AND SMALL SKIN AREAS

medisun® Psori comb

EFFICIENT PHOTOTHERAPY OF THE SCALP AND SMALL SKIN AREAS

medisun® Psori comb permits targeted treatment of small skin areas, e.g. on the hands, elbows, the hollows of the knees, etc. The comb row is used as a spacer and can be removed if necessary.

Extensive accessories included

The medisun® Psori comb is delivered in a padded transport box, with detailed usage instructions, UV protection goggles and a countdown timer.

The enclosed dosage-time table permits a reproducible dosage per second. The external shock-proof plug leads to a very light-weight and easy manageable lamp module for treating the scalp.

The padded transport box is practical and comfortable.
