

Sterilizer Prima Galbiati

Design class B steam sterilizer combined with the latest technology and ease of use.

Technical specifications

- Rated voltage: a.c.220V-230V, 50Hz
- Rated power: 18L 1500VA, 23L 1700VA
- Material: stainless steel (for medical)
- Max. work pressure: 2.5 bar Min. work pressure: -0.9 bar
- Max. temperature: 145 °C
- Chamber volume: 18L (X245x320mm) 23L (X245x450mm)
- Loading size: 18L (198x204x285) 23 L(198x204x385)
- Max. loading weight: 18L (3.07kg/cm2)
- 23L (3.21kg/cm2)
- Working pressure/temperature: 1.10~1.30bar / 121°C~122°C; 2.10~2.30bar / 134°C~135°C
- Water volume for one cycle: 0.16L (min) 0.18L(max)

Performances

- Fast cycles (26min for HOLLOW 134°C)
- Limited water consumption
- Automatic water download
- 100% stainless steel
- Electronic water quality control
- Easy to position system
- GKE helix conformity test
- Integrated printer and usb data saving systems
- 24 months warranty
