

Sterilizer Melag - Pro Line - Vacuclave 123 - 23L

The Pro Line sterilizers offer everything you need for a safe, convenient and resource-saving sterilization.

Features

- Stand-alone class B autoclave
- Capacity: for up to 6kg instruments on 5 trays
- Intuitive operating concept with Smart-Touch display and integrated documentation
- Device dimensions (WxHxD): 47 x 50 x 64 cm, fits on 60 cm tabletop
- Chamber size and volume: 45 cm, ø 25 cm, volume 23 litres
- Loading quantity: max. 6 kg instruments
- Power supply: 220-230 V, 50-60 Hz
- Weight: 49 kg
- Power consumption: 2,100 watts

The starterspackage contains:

- Sterilizer Pro Line Vacuclave 123 (23L)
- Trayholder
- 3 trays

Powerful class B vacuum procedure

Reliable sterilization of up to 6 kg on 5 trays in only 15 to 28 minutes (plus drying) - made in Germany.

Smart-Touch Display with LED status

Touchscreen with intuitive user interface for simple operation like your smartphone - even with medical gloves.

Connectivity and data logging

Compliance with legal requirements by saving the sterilization parameters via USB or network.*

Stand-alone device concept

Integrated water tanks and highly effective air cooling for site-independent operation without cooling water.

Power Save energy saving mode

Heater and display go into standby mode between sterilizations for top energy efficiency.

Easy Care routine concept

User-friendly optimizations for efficient filter replacement, tank cleaning and water supply.
