

Flat scales with cable remote display Seca 899

- A two-meter-long cable connects the display with the weighing base
- The display can be set up separately from the base and read from its position on the wall or desk
- Many extra weighing functions: BMI for nutritional conditions, HOLD to keep measurements displayed and TARE for weighing small children held in an adult's arms
- It is suitable for stationary or mobile use, thanks to its handle, compact size, low weight and a leveling base for set-up on all types of surfaces
