

## Operation lights Dr Mach LED 300 MC

Operation light with 160,000 lux (1 m distance), colour temperature control

- 160,000 lux
- Excellent colour rendering
- Colour temperature adjustment
- Focusable
- Faceted lens system
- Merging of luminous fields
- Cool light
- Ease of maintenance
- Photobiological safety

### Features

|                                   |                                |
|-----------------------------------|--------------------------------|
| Lamp type                         | operating lamp                 |
| Light intensity                   | 160 000 Lux                    |
| Colour temperature                | 3750, 4000, 4250, 4500, 4750 k |
| Colour rendering index (Ra)       | 97 Ra                          |
| Focusable size of the light field | 18 - 30 cm                     |
| Working distance                  | 70 - 150 mm                    |
| Number of LEDs                    | 36                             |
| Levensduur LED's                  | 60 000 u                       |
| Power consumption                 | 37 W                           |
