

Surgical smoke discharge Smoke shark III Bovie

Reduces biological, physical and chemical hazards present in electrosurgical smoke plumes. Uniquely designed for the doctor's office with compact dimensions for wall mounting. Specifically designed for shorter procedures (15 minutes or less). 4-stage ULPA filtration 99.999% efficient in capturing particles and microorganisms from 0.1-0.2 microns. Quiet design provides excellent performance with less noise. Includes SharkSkin adapter (SS95) for out-of-the-box use. Includes Smart Shark removal activation (SERS2) for maximum filter life. Includes 6-hour filter (SF06).

ADVANTAGES

- Compact for the doctor's surgery
- Quiet and effective smoke removal
- Multi-procedure 6-hour filters
- Includes SharkSkin adapter, Smart Shark remote activator and one filter
- Excellent particle capture
