

Bovie Bantam PRO TM - Electrosurgical Generator + High Frequency Coagulator - 50 Watt

PRODUCT REFERENCE: A952

The Bovie Bantam PRO, A952 is a high-frequency desiccator with cutting power. One half of the unit is a high-frequency desiccator and the other half is a Bovie generator, giving you 50 watts of cutting power and coag capabilities - plenty of power for most cutting procedures performed in the doctor's office.

The device has a large, bright LED display for excellent visibility in the operating room. In electrosurgical generator mode, the unit features Bovie NEM™ pad detection technology that monitors the return electrode for optimal patient protection.

If you prefer foot switch activation when using the Bovie Bantam PRO, A952, simply connect and activate the Bovie foot switch (sold separately). No separate handpiece is required. The Bovie Bantam PRO, A952 is designed and built to be the most reliable and durable generator available today.
