

Heine ML4 LED headlight kit + Wall mounted EN 50 unplugged charger + 2 x mPack unplugged

PRODUCT REFERENCE: J-008.31.416

Perfect fit. Perfect view. During long procedures.

Topseller in all surgical specialties: The HEINE ML4 LED HeadLight is specially designed for healthcare professionals who need a perfect view during long surgical operations or treatments.

- Perfect fit
- Shadow free
- Adjustable spot size
- LED in HEINE Quality – or LED HQ

There's LED. And there's LEDHQ. HEINE has set a new standard which maintains that only the best is good enough, from the selection of materials to processing, from light intensity to dimmability, and from thermal management to a colour rendering index as high as possible. That's what we call LED in HEINE Quality – or LEDHQ.

Adjustable illumination spot size: 30mm to 80mm spot size range (at 420mm working distance) to fit any examination situation.

Bright and homogenous illumination. Absolutely bright light spot that is uniform from edge-to-edge for the perfect illumination in all examination situations.

Stepless light intensity control. Optimal brightness setting prevents reflexes.

Flexibility. Flexible Power Source Options: 100% mobility with a choice of cable-free mPack UNPLUGGED head-worn battery or mPack belt-worn battery pack.

Coaxial illumination. Coaxial design ensures a completely shadow-free image and allows for excellent illumination of difficult to see areas.

Comfortable and secure fit. The Professional L headband has multiple adjustment points and soft padding for comfort and stability – even during long examinations.

Optional filters: Polarisation Filter P2 improves contrast and yellow filter reduces blue light.
