

Magnifier OPTICLUX 10-2 P TX + Wood light

PRODUCT REFERENCE: D15814000

Effortless observation 90 high-quality LEDs, low-shadow illumination; adjustable step-free dimming and a 1.9x (3.5d) wide-angle lens ensures clear, even viewing.

Precise positioning Light arm made of aluminum and fiberglass-reinforced friction joints ensure long life and highly accurate positioning despite low weight.

More economical, reliable use High-efficiency LED light technology saves energy and ensures long-term maintenance-free operation.

Simple, versatile mounting options The only magnifier luminaire in its segment that is available as a ceiling version as well as the 16mm pin-mount version for mounting on wall, table, rail and rolling floor stand.

Easy cleaning Lens cover, keypad and premium housing for fast cleaning.

Optimal color rendering Especially skin and red tones are reproduced close to optimal daylight; color rendering Opticlux CRI / Ra > 93, R9 > 90, R13 > 95.

- Color temperature daylight white 6500 K *
- Magnification 1.9x (3.5 diopters)
- 6.3" specially-treated hard acrylic magnifier lens with protective lens cover
- Color rendering properties *: CRI > 93, R9 > 90, R13 > 95
- Light field: 6 000 lux / 0.15 m *
- Continuously dimmable 100% of 10%
- Several mounting options available
- Complies to EN-60601-1 standards
- Wood light: Peak at 365 nm
