

seca 376 Baby scale with extra large weighing tray

PRODUCT REFERENCE: SECA 376

seca 376

Baby scale with extra large weighing tray

Sleeping, drinking, lying at mother's breast. Newborns actually have better things to do than being weighed. With the seca 376, you can weigh babies and newborns as comfortably, safely and quickly as possible.

- Weighing tray with high side walls for increased safety
- Weighing and measuring in one step thanks to optional length measuring rod
- Three-step damping for fast weighing
- Large tray is suitable for weighing toddlers while sitting
- Medical-grade seca scale technology with precise graduation

newborn finds protection and security in the arms of the mother and father. The design of the seca 376 baby scale was based on this. The ergonomic weighing tray with extra-high side walls offers the baby a safe boundary, as if it were being held. Adjustable damping filters out the movements, the HOLD function holds the weight value as soon as it settles. This allows the baby to quickly leave the scale again.
